

Christmas 2017

Dear relatives!

On February 22nd, 2018, it's 100 years since our ancestress, Else Kirstine Nordestgaard, died in her home at the Family Farm, Nordestgaard in Tim. From here she saw a major part of several generations of Grandchildren growing up. Now, 100 years later, we've reached 7 generations – and maybe even 8. There are many of these descendants whose names we don't know or have knowledge of. But what we do know is, that they live on all continents, and in particular in America.

On our website, www.nordestgaard.info, we bring parts of the story about the Family history that originated in West Jutland in Denmark. Here relatives can stay informed of the many branches of the Family Tree, even if they no longer have immediate contact with each other. Therefore, it's encouraged to support the Website with news from all branches of our big Family.

To the users of the Website, and especially to the many who are actively sending us news and information, we thank you. Without your help and involvement, it would not be possible to keep the Website updated and moving forward.

We wish everyone in the Family a Merry Christmas and a Happy New year.

Sincerely,

Lars Henrik Nordestgaard Andersen
